

For Immediate Release

Beacon Pub & Eatery Coming to Whistler Village Stroll

Whistler, B.C - May 23, 2014 - The team at the Crystal Lodge & Suites is excited to announce **Beacon Pub & Eatery** as the name of the new neighborhood pub located at 4217 Village Stroll (currently Citta Bistro). The new pub & eatery is scheduled to open at the end of June after renovations, featuring an updated look and feel, new menu of modern pub-fare and a fresh selection of beers on tap, wine and cocktails.

"Restaurants and pubs in our Resort serve as a waypoint for residents and visitors exploring the area, and our new name plays into the prominence of this particular patio and location," said John Holton, Beacon Pub & Eatery's General Manager.

Beacons are used around the world to draw attention to specific locations and this flows perfectly with the pub's vision to attract locals and visitors alike by providing friendly world-class service with a uniquely Whistler spin. Renovations to the space will start on June 1st with a goal of opening the doors by the end of June.

The Crystal Lodge also announced today that it will be conducting a recruitment fair for existing Citta Bistro employees on May 28th and 29th, in advance of a general public recruitment fair on June 4th and 5th. Candidates are asked to register in the lobby of the Crystal Lodge between 10:00am and 4:00pm on those dates.

The Crystal Lodge & Suites is located in the centre of Whistler Village at the base of both Whistler & Blackcomb Mountains, just steps away from the Whistler Conference Centre and the Whistler/Blackcomb gondolas. In addition to the 158 Guest rooms, the Crystal Lodge & Suites offers over 22 shops and services along the Village Stroll on the mezzanine level.
